Expressing Interest in a Job

As a candidate, you have two options to express your interest in a job:

1. Click on the **Job Title** link. This will open a page in which you can review the job summary. If interested in the job, you would select **Apply** from the bottom of the page.

2. Click on the dropdown arrow under the Actions column and select Apply. This will immediately take you to our login page if you have not logged in. If you are logged in, the Application will appear. You now have the ability to save your Application in DRAFT form if you cannot complete it all at once. You can also Save Job if you want to review the position at a later time or Email Job to Friend if you know of someone that may be interested in the job so long as you are logged in. The Save Job option is **not** available unless you are signed in.

This will direct you to the Candidate Profile page. Please review and complete each section. At a minimum, please complete all required fields marked with a red asterisk (*). You can also upload your cover letter and resume. Once completed, click on Save at the top of your profile page . This will complete the application process for this job.

NOTE: To apply for more than one job go back to the search page and apply to additional jobs as described above. One application will not be accepted for multiple positions.

Searching for Jobs

As a candidate you have several ways to search for jobs at DRS:

1. Enter **Keywords** such as (engineer, testing, admin, HR, etc.) in the **Keywords** field on the screen and click on the **Search** button. Please ensure that you put these **Keywords** in quotation marks (i.e. "engineer") as this will narrow down the search to the words you have entered.

2. Find jobs that have been posted within the past "x" number of days by entering a number and clicking on the **Search** button (i.e. enter 30 and jobs that have been posted within the past 30 days will display).

3. Enter the requisition number and click on **Search**. This will display the specific job associated with that requisition number.

4. Click on any or all dropdown arrows next to the **Function, Job Country, State/Province or City** fields and choose the appropriate option(s) and click on the **Search** button. This will display jobs in a particular function and/or location. You know have the ability to make multiple selections under each of these fields.

5. You have the option of leaving all fields as they are and click on **Search** to see all the jobs available at DRS.

Once you have clicked on **Search** using one of the above options, a listing of jobs that meet the search criteria will appear as seen below.

Please note: Do not use the browser's back button at any time during the application process.
